<b>Description of the Practice:</b>	1. Where students become groups and one of them will discuss and clarify the doubts regarding the curriculum. 2. Role plays, quiz, product launch, JAM sessions etc.... 3. After the graduation, students have to choose right path for their future. Department will provide the opportunities available for the students for their future.
<b>Name of the Dept:</b>	<b>Mathematics</b>
<b>Name of the Best Practice:</b>	Online Examination on Quantitative Aptitude for all the Degree students
<b>Description of the Practice:</b>	Objective: The objective of conducting an online examination for Analytical Skills under Quantitative Aptitude for all the degree students to equip them with training in Time-Management and Decision Making for Competitive Exams which are time based. Methodology: Quantitative Aptitude Tests evaluate numerical ability and problem solving skills of candidates. This test forms the major part of a number of important entrance exams for different fields. CAT, MAT, XAT and GMAT and many other significant exams have Quantitative Aptitude as a major section.
<b>Name of the Dept:</b>	<b>Chemistry</b>
<b>Name of the Best Practice:</b>	1.Real time Project Studies 2. CASE

<b>Description of the Practice:</b>	<p>Green Chemistry is one of the elective courses offered to final year students at UG level. Experiential learning in this course is encouraged through real time project studies. As part of the practice, students are assigned project topics in green chemistry based on their interest and ability. Project studies on synthesis and analysis involving green procedures are entrusted to students envisaging skill training and real time experience. As part of the study students synthesize or analyse selected compounds by deploying established conventional and green protocols and compare the output in terms of time, yield, atom and energy efficiency. They not only realise the importance and advantage of green procedures but also report their findings quantitatively in the form of a study report to the department. Experimental studies on green Vs conventional synthetic procedures have also resulted in paper publications at national level in conference proceedings.</p> <p>Ground Water Analysis: Volumetric analysis involving manual and instrumental methods is taught extensively to UG &amp; PG students of the department. Experiments on determination of acidity, alkalinity, carbonates, bicarbonates, TDS, temporary, permanent and total hardness etc are applied to ground water samples collected from varied locations and subjected to analysis to determine the quality of the water sample. Outcome of the study is also presented as a project report to the department. Students were also sent for internship training to AP State Ground Water department.</p> <p>2. CASE - KINDLE : Government School students are brought to Chemistry lab and a live demonstration of certain chemical reactions and phenomena is conducted. Students also perform certain reactions under the guidance of PG students</p>
<b>Name of the Dept:</b>	<b>Computer Science</b>
<b>Name of the Best Practice:</b>	Guest Lectures, Seminar & Workshops, Competitions, Animations and Presentations, Peer teaching, Projects, Online Resources
<b>Description of the Practice:</b>	<p><b>Guest Lectures, Seminar &amp; Workshops</b></p> <p>As part of academic development, the department arranges guest lectures and seminars</p>

throughout the year on topics of core subjects, Career oriented lectures and recent technologies periodically. Through the association, the students are encouraged to attend workshops organized by other reputed institutions.

### **Competitions**

Students get a chance to showcase their skills, analyze and evaluate the outcomes. It encourages students to adopt innovative techniques and develop their ideas and skills for time management and also gives confidence to attend competitive exams.

### **Animations and Presentations:**

To explain the difficult concepts like Memory managements and Process scheduling in Operating system Presentations ,construction of trees in data structure animations are shown by the faculty. Students understand what they see. Moreover animations create interest on the respective subjects and make the students excel in them. For example while teaching sorting techniques in Data Structures simple Flash animations are used.

**Power point presentations** are used to explain critical components which may take much time to draw on the board. The presentations are prepared in such a way that the total content of the chapter is covered in the slides along with afore-mentioned diagrams and is shared with the students which so that they can use them as reference.

### **Peer teaching**

Peer to peer teaching is an effective teaching method used in the lab to enhance their skills. This will enable the students to revise their learning and be able to consolidate it by teaching it to fellow students. These also improve their subject knowledge as well as increase their confidence. The faculty play the role of a facilitator in the classroom.

### **Role-plays**

These would enable the student to learn in a visual way making the learning of technical subjects more interesting.

### **Demonstration of Projects/Programs:**

While teaching subjects like Programming languages, projects are demonstrated in the classroom. The objective of demonstrating these projects are to provide a live experience to the students how an application works. This method also acts as a motivation to the students to take up challenging tasks as projects. Demonstrating the syntax and runtime errors that might occur while executing the project will help students to get a comprehensive idea of developing a project.

	<p><b>Online Resources</b></p> <p>NPTEL, SWAYAM, Virtual Labs are the online resources used in the teaching learning process.</p> <p>Virtual Labs: Virtual Labs is an initiative by Ministry of Human resource Development to provide remote-access to Labs in various discipline of science and this provision is used for conducting labs sessions for programming subjects.</p> <p><a href="https://www.vlab.co.in/broad-area-computer-science-and-engineering">https://www.vlab.co.in/broad-area-computer-science-and-engineering</a></p>
<b>Name of the Dept:</b>	<b>Botany</b>
<b>Name of the Best Practice:</b>	Continuous assessment of Skill oriented practical , hands on training in plant tissue culture, DNA isolation, Identification of Nucleic acids by gel electrophoresis
<b>Description of the Practice:</b>	The practical in Botany which require special skills such as Squash tehniqe of cell divisions, section cutting with double staining technique, result oriented performing major experiments in Plant Physiology are regularly evaluated as part of Mid Practical examination. Students are given chance to improve their performance in case they fail in first attempt. Absentee students are given oppurtunity to perform the experiment provided with a valid reason for their absence. With this practice students gain better hands on experience and analytical skills whilecalculating infering the results.
<b>Name of the Dept:</b>	<b>Department of Zoology</b>
<b>Name of the Best Practice:</b>	Maintaining Vermiculture Unit & preparation of vermicompost
<b>Description of the Practice:</b>	<p><b>PRACTICE</b></p> <p>"Vermibed preparation and its maintenance includes mainly collection of garden wastes of college campus throughout the year. Cattle dung, coconut coirs, sand, and release <b>the earthworm species two times per year.</b>"</p> <p><b>METHOD</b></p> <p>"Vermicompost is known to be the world's best fertilizer. Vermicomposting is a method of preparing enriched compost with the use of earthworms. It is one of the easiest methods to recycle agricultural wastes and to produce quality compost. Earthworms consume biomass and excrete it in digested form called worm casts. Worm casts are popularly called as Black gold. The casts are rich in nutrients, growth promoting substances, beneficial soil micro flora and</p>

	<p>having properties of inhibiting pathogenic microbes. Decomposable organic wastes such as animal excreta, kitchen waste, farm residues and forest litter are commonly used as composting materials. In general, animal dung mostly cow dung and dried chopped crop residues are the key raw materials. Mixture of leguminous and non-leguminous crop residues enriches the quality of vermicompost. Red earthworm (<i>Eisenia foetida</i>) is preferred species of earthworms because of its high multiplication rate and thereby converts the organic matter into vermicompost within 45-50 days. Since it is a surface feeder it converts organic materials into vermicompost from top. Vermicomposting is done by either bed or pit method. In bed method composting is done on the pucca / kachcha floor by making bed of organic mixture while in pit method it is done in the cemented pits."</p> <ul style="list-style-type: none"> <li>-Vermicomposting unit is kept in a cool, moist and shady site Cow dung and chopped dried leafy materials are mixed in the proportion of 3: 1 and are kept for partial decomposition for 15 – 20 days.</li> <li>-A layer of 15-20cm of chopped dried leaves/grasses is kept as bedding material at the bottom of the bed.    -Beds of partially decomposed material of size 6x2x2 feet should be made.</li> <li>-Red earthworm (1500-2000) are released on the upper layer of bed. <ul style="list-style-type: none"> <li>-Water is sprinkled immediately after the release of worms.</li> <li>-Bed are turned once after 30 days for maintaining aeration and for proper decomposition.</li> </ul> </li> </ul>

<b>Name of the Dept:</b>	<b>Home Science</b>
<b>Name of the Best Practice:</b>	Skill Intensive Course Framework
<b>Description of the Practice:</b>	<p>The Home Science curriculum is geared towards empowering and training the students to be EFFECTIVE CHANGE AGENTS in society. The HOME SCIENCE curriculum is HIGHLY SKILL ORIENTED comprising of a package of skills imparted to students through I to VI semesters. The Best Practices of the Department may be presented as under:</p> <ol style="list-style-type: none"> <li>1. Highly skill-oriented curriculum: The curriculum is designed to facilitate the imparting of skills such as making of soft toys, teaching aids, food preservation, baking, flower arrangement, preparation of decorative articles from waste, surface enrichment techniques to name a few.</li> <li>2. Experiential Learning: The students gain not only knowledge but also many skills through experiential learning in all the Core areas of Home Science.</li> <li>3. Community Reach-out: The students interact with community to impart nutrition education, hygiene awareness, safety awareness for girl child and so on.</li> <li>4. Alumni Support &amp; Network: The department has excellent active interaction with alumni from the past forty years. Alumni support the activities of the department and are always available for knowledge sharing, raising resources and any other requirement of the department.</li> </ol>

Name of the Dept.:	<b>Chemistry</b>
Future Plans:	To take PG students on a study tour to CPR Laboratories in the month of July. To conduct a training workshop to students in collaboration with AU and IGCAR To offer 3 sets of SEC to final year students in V Semester To organise a one day work shop on 'safe & secure labs' for first year UG & PG students with senior students' involvement To conduct research projects with the seed money provided by the institution
Name of the Dept.:	<b>Computer Science</b>
Future Plans:	<ul style="list-style-type: none"> <li>• Organize workshops and seminars from experts.</li> <li>• To screen TED talks &amp; organize TEDx.</li> <li>• Develop useful software for the organization.</li> <li>• To offer career guidance.</li> <li>• To prepare students for campus placements.</li> </ul>
Name of the Dept.:	<b>Statistics</b>
Future Plans:	To organise National conference in Statistics To conduct guest lectures and workshops
Name of the Dept.:	<b>Botany</b>
Future Plans:	To conduct a National or International Conference To establish a Green House To develop and improve botanical garden

	Coming academic year starting the reasearch and development in the area of advance agriculture
Name of the Dept.:	<b>Zoology</b>
Future Plans:	1) Overall improvement of departmental infrastructure 2) To organize Conferences, Seminars and Workshops 3)To start short-term career oriented certificate course. 4) To start Virtual Lab in Zoology Department
Name of the Dept.:	<b>Biochemistry</b>
Future Plans:	Improving laboratory facilities to suit analysis of biological samples Conduct interactive and participative workshops to enhance skills of students Introduce bioinformatics to study biochemistry as in Molecular Modeling Introduce Immunology related studies to create awareness on the scope of Biochemistry Enrich fundamentals in Biochemistry and also create exposure to Latest trends like Protein engineering to fit the needs of Industry
Name of the Dept.:	<b>Biotechnology</b>
Future Plans:	1. Enhancing the technical expertise for analyzing biological samples 2. Conduct expert interactive sessions and workshops to enhance skills in students 3. Establishing the bioinformatics as a tool to design and study the biomacromolecules for Molecular Modeling 4. Augmenting the advanced expertise in molecular biology for students
Name of the Dept.:	<b>Home Science</b>
Future Plans:	1. To Host A National/International Conference 2. To Organise Internships For I B.Sc Home Science Students 3. To Explore Possibility Of Organizing Campus Recruitment Of Home Science 4. To Explore Feasibility Of Conducting A Multi-Disciplinary Research Project

## 1 H over all Department Analysis

<b>Dept.: English</b>	
STRENGTHS	1.Streaming of students based on their linguistic proficiency (UG) 2. Publicity literature as part of the Gen. English Curriculum (one of the unique Feature which no other college in this region has in 3. Continuous assessment of the students 4. Well-equipped college and departmental libraries 5. Introduction of English Language Fellow Program by the US Consulate & Micro Access Program
WEAKNESSES	1. Constant turnover of faculty 2 Heterogeneity of students in Gen. English classes 3. Large size of Classes
OPPORTUNITIES	1. Growing popularity and interest in English as a medium of communication 2. Use of language Lab 3. Scope of Professional growth
CHALLENGES	1 To deal Heterogeneous groups 2. To handle vernacular learners
<b>Dept.: Telugu</b>	
STRENGTHS	This year more than 190 students joined in 2nd Language Telugu
WEAKNESSES	1.Special room is not available for to conduct Special Events.
OPPORTUNITIES	1.Free lancer journalist. 2.Radio jockeys, Telugu Translators
<b>Dept.: HINDI</b>	
STRENGTHS	1.Good coordination between Teacher and Students 2.Committed and Qualified Faculty
WEAKNESSES	1.Only one permanent faculty2.Majority of the students have not studied Hindi at the +2 level

OPPORTUNITIES	1 Exposure of students to social issues through project works and publication of Departmental magazine. 2 Able to familiarize students with various trends in Hindi literature
CHALLENGES	• Few students opt for higher studies in Hindi. • To attract funds from UGC and other funding agencies for organizing Seminars
<b>Dept.: Sanskrit</b>	
STRENGTHS	competent faculty Conduct of various activities
WEAKNESSES	Insufficient faculty
OPPORTUNITIES	Very enthusiastic students Sanskrit typing Knowledge Spoken Sanskrit Knowledge
CHALLENGES	not obtaining for higher studies in Sanskrit
<b>Dept.: Psychology</b>	
STRENGTHS	<ol style="list-style-type: none"> <li>1. The students of the Department of Psychology conduct case studies/project. Students of the third-year undergraduate course, second year postgraduate course enjoy this practice of the Department.</li> <li>2. The Postgraduation students of the Department of Psychology also pursue a one-month internship where they are placed in different fields in Psychology and learn and execute the necessary skills to prepare them for a career in the field of Psychology.</li> <li>3. The faculty of the Department of Psychology engage in outreach/extension programs, wherein they give guest lectures and keynote addresses in other institutions and organisations.</li> <li>4. The faculty of the Department of Psychology also have/are pursuing course certifications to further equip themselves to better their knowledge and teaching methodologies (MOOC, MEd, Therapy certification)</li> <li>5. Sahay- The headliner of the Department of Psychology, is a counselling and guidance cell run</li> </ol>

	by the faculty of the department. It caters to the emotional, mental and career wise needs of the students and offers them support to self-actualise and be the best versions of themselves. 6. Mindscope- The Department club, strives to dispel the misconceptions regarding the field of Psychology, and conducts various activities that brings together all the Psychology enthusiasts.
WEAKNESSES	1.Lab facilities should be improved. 2.Library books availability 3.Opportunities for field visits
OPPORTUNITIES	PG and diploma and certification courses. Conferences and workshops at national and international level
CHALLENGES	Field visits less opportunities Practical exposure is limited.
<b>Dept.: Political science</b>	
STRENGTHS	1 Student admissions in EEP is satisfactory 2 relevant syllabus according to needs of the society
WEAKNESSES	1, no admissions in HEP Telugu medium 2 single member department/ staff not available to teach in english
OPPORTUNITIES	1 to write competitive exams 2 to know about practical politics and avail right to vote
CHALLENGES	1 single member faculty 2 staff are not available to teach in english
<b>Dept.: Economics</b>	
STRENGTHS	Best Academic record of the meritorious students. Economics of progressive results in final year B.A(EEP) and B.Sc(MECS)
WEAKNESSES	No Separate Departmental Infrastructure.

OPPORTUNITIES	Providing Quality education to society. To Create awareness about various social and economic problems among the students and the society.
CHALLENGES	To create awareness about research in economics among the students.
<b>Dept.: Commerce And Management</b>	
STRENGTHS	1. Blended experienced faculty 2. Highly motivated staff 3. Highly Qualified Faculty
WEAKNESSES	1.Shortage of ICT tools
OPPORTUNITIES	1. Innovative Teaching and pedagogical Methodology 2. More Seminars by students and paper presentations 3. conducting carrier development programs
CHALLENGES	1. Students attitude and Behaviour 2. Attendance shortages
<b>Dept.: Mathematics</b>	
STRENGTHS	Staff, maximum students in the college, unity, hard work curriculum students are not utilizing
WEAKNESSES	Ratio of the student and the staff, lack of infrastructure students are not utilizing
OPPORTUNITIES	Placements job opportunities are more
CHALLENGES	To reduce the failures in mathematics

<b>Dept.: Physics</b>	
STRENGTHS	Qualified Faculty The dept. has small library, well equipped physics laboratory
WEAKNESSES	--No permanent faculty
CHALLENGES	1. To conduct certificate courses to students. 2. To maintain the academic standard of the department.
<b>Dept.: Chemistry</b>	
STRENGTHS	Motivating students to take jobs in competitive exams and academic institutes. Well equipped student laboratories and one research lab with UV Visible Spectrophotometer Qualified faculty with research experience
WEAKNESSES	Inability to pursue quality research due to preoccupation with heavy teaching load Student reluctance towards experimentation Faculty attrition rate
OPPORTUNITIES	Guidance for research Subject with ample scope for project studies Internships through industry MOUs
CHALLENGES	Enable students to overcome fear of Organic Chemistry Pollution & Wastage control in laboratory Securing industry jobs for girl students

<b>Dept.: Computer Science</b>	
STRENGTHS	Strong demand for the Branch CSE Adequate infrastructure Revised and updated choice-based credit system for curriculum
WEAKNESSES	Lack of faculty
OPPORTUNITIES	Changes in Technology Interdisciplinary growth across departments
CHALLENGES	Organization of International Seminar/Conference Placing the students Updating latest developments in the field of computer science
<b>Dept.: Statistics</b>	
STRENGTHS	1 Well developed Core Syllabus. Good Infrastructure and Well equipped laboratory 2 Compitant Faculty members
WEAKNESSES	1 Lack of sufficient Permanent govt. recruited faculty 2 Diversification of academic options of students
OPPORTUNITIES	1 For innovations in the subject 2 Industry linked learning
CHALLENGES	1 Competition from other sources 2 Enlighten the students about importance of Basic Life Sciences
<b>Dept: Zoology</b>	
STRENGTHS	Efficient, sincere and hardworking team of faculty members. Special emphasis on field trips and study tours Excellent academic results with consistent Pass percentage Well maintained Museum

WEAKNESSES	"Need to improve scientific temperament for research activities among UG students"
OPPORTUNITIES	To Start New PG Diploma Courses To start Add on (Diploma) and Certificate Courses To start Virtual Lab
CHALLENGES	Strive as the best department of college "Establish proactive and collaborative approach to enhance the Departmental profile."
<b>Dept.: Biochemistry</b>	
STRENGTHS	Limited number of students Hands on experiential learning- Learning by thinking and doing Innovative teaching learning techniques Outcome based teaching with focus on feedback for every activity
WEAKNESSES	Laboratory facilities need to be improve
OPPORTUNITIES	Scope in pharmaceutical industry and Food industry Can go for higher education and venture into research field
CHALLENGES	In getting acquainted with latest techniques and trends in the field of Biochemistry
<b>Dept.: Biotechnology</b>	
STRENGTHS	1. Hands on experience for 'Tissue culture, Electrophoresis & PCR' 2. Summer & Mini internship programs 3. Innovative practicals 4. Well equipped laboratory 5. Direct exposure of students to industries
WEAKNESSES	1. Real time biological activities of bio-molecules to be strengthened 2. More campus drives to be done related to core subjects

OPPORTUNITIES	<ol style="list-style-type: none"> <li>1. Immense encouragement for numerous workshops</li> <li>2. Frequent interaction with subject experts through guest lectures</li> </ol>
CHALLENGES	<ol style="list-style-type: none"> <li>1. Designing commercial protocols in tissue culture</li> <li>2. Initiatives to design low molecular weight proteins through in silico methods.</li> </ol>
<b>Dept.: Home Science</b>	
STRENGTHS	<ol style="list-style-type: none"> <li>1 Highly committed faculty</li> <li>2 Well designed curriculum</li> <li>3 Effective communication skills</li> <li>" 4 Enrichment of curriculum from time to time by adopting inputs from national/international developments from national/international happenings"</li> <li>5Tech – enabled faculty</li> </ol>
WEAKNESSES	<ol style="list-style-type: none"> <li>1 Space constraint</li> </ol>
OPPORTUNITIES	<ol style="list-style-type: none"> <li>1Be able to work in collaboration with various NGO/ Organizations/Government departments</li> </ol>
CHALLENGES	<ol style="list-style-type: none"> <li>1 Highly distracted student population</li> <li>2 Not very supportive public perception of the discipline</li> <li>3. Absense of a parent department in the affiliating university</li> </ol>

### **BEACH CLEANUP**

*“Waterwater everywhere, not a drop to drink” – Samuel Taylor Coleridge.*

Visakhapatnam is a coastal city. Everyday tons of polluted waste get washed up our shores, making it dirty. It doesn't just affect our health, but it also deeply affects the health of our oceans. The SWcadets of 2 (A) girls battalion from St Joseph's college for women (A) took upon this cause and went for a beach cleanup at RK Beach. The girls worked together and cleared majority of the garbage that got washed up at the beach. The girls worked relentlessly and motivated the public around them to join them for the cleanup. They were appreciated for their efforts by the public. Close to 50 cadets participated in the cleanup on the day.

#### IV G. Annual Report 2022-2022 on Intermediate Programme

\* College reopened on 1<sup>st</sup> June,2021 for second year students. The commencement of the new academic year was marked by invoking God's blessing by the lighting of the lamp followed by a prayer and devotional song, officiated by the principal. The students participated in the opening ceremony.

\* Academic year for the 1<sup>st</sup> year students commenced on 1<sup>st</sup> September,2021. The senior faculty of the college organized an orientation program for the students. Dos & Don'ts along with moral code of conduct was explained to them.

**Examinations: Four unit tests were conducted**

**Half yearly and pre-final also were conducted**

#### Co-curricular Activities:

We give due importance to these as they are an essential part of the life of an educational institution in order to strengthen the classroom learning and to uphold the personality development of the students and harness their in-depth potentiality.

Some of these activities conducted throughout the year: -

- A Guest Lecture by Mrs. Narmada on **Indian Culture n Values** was also organized by the same department
