

St. Joseph's College For Women (Autonomous) Visakhapatnam
Reaccredited by NAAC

Alumni Feedback

2018-2019

Academic Performance of the College is good

The College has high commitment towards holistic development of students

Is the course structure enabled you to enhance your progression for higher levels

Is the course design applicable to co-relate with real life situations

Is the course design helpful to adapt to your Career?

This is the best institute of my time and still is.
More practical things can be added
Inculcate more practical knowledge in students than theory
A very good course structure. Very helpful
Keep up the good standard
Excellent college
Continue the good work.
Restore the quality of learning experiences of the young minds by ensuring that the current faculty role models in discipline primarily and then the latest trends in the particular subject matter. It is important that the revision of syllabus is done contentiously with the moto of improving quality of living of the students.
Everything is good in this college and has good academic standards.
The college is doing so well. The only way is to move ahead. which it is already doing. Maybe more involvement in sports .
Of course not , St Joseph's is doing a great job in preparing the women to the open wold .
Maintain the standards
Keep up the good performance which is being maintained from the start
For your best ... select the best ... SJC is the best
Great college with motivational atmosphere and understanding and encouraging staff
Proud to be a Josephine
St. Joseph's college had been a wonderful place to learn and explore.
The college is doing great, it made me who i am today!
Exposure to more creative activities
It's a college I would recommend any girl to join.
Infrastructure development
No suggestion
None
The college can offer more courses suitable to the present times.
it will be helpful if the college will bring more and good campus placement oppurtunities
The students need more practical exposure
Excellent place to enhance our knowledge. We feel blessed to have such college in every aspect. Our college is like an all in one set for a student to develop one self.
Keep up the great work! Proud to be an Alumuni!
Field trips should be more for sciece students
More practical business coursework
More courses on Technology would benefit the students.
It would be better if internships and campus drives be conducted for Bio students too.
Everything is good.
This course has helped me in overcoming my stage fear and has enhanced my knowledge in the psychological field and also in the journalism field.
Excellent college which provides right curriculum with committed faculty, targeting students liberty in learning and wholisticLly developing
Include outdoor activities, visits to organisations etc

Keep continuing your great work

Increasing field visits as per subject requirements

A better placement and employability facilities for the students will be appreciated.

Excellent

More interaction with the industry is necessary . This suggestion is based on the college activity when I was a student during 1986-1991

The course can be practical rather than theoretical

Orientation towards media based professions must be inculcated among students

No suggestions, one of the best educational platforms.

Excellent

I am very with my college

As many students said that it's very difficult to travel so that please try to provide College bus for intermediate students

Should bring more campus drives

Cluster Options should be widened...For example, Commerce cluster can be introduced.

Ph.D. to be included

Best college ever !! It indeed helped my growth both professionally and personally.

It could be a university

It is always a privilege to be called as a Josephine.

This college is a lovely place to grow and learn. The teachers are very helpful and dedicated to their work. I hv personally grown as a person during my college days.

This institution was committed towards excellence no other words to keep. All the best

Excellent

Could be the university

More industrial visits could be added to the curriculum for better practical knowledge..

As per my view everything is well structured and good

Visakhapatnam

All good

I'm very Happy and proud to be a part of the system.

Best college i have ever seen

Good

More concentration on employability skills development

👤 Its a Quality School with tradition of excellence and pride. 👤

Should start more courses for post graduation

Research oriented courses should be implemented

Revisit the founding vision and make the college relevant to address the situation of women today

Continue the great work

Would be glad if our college introduced Bachelor in Fine arts too

Excellent college. Highly committed faculty and management

Maybe the college can plan more programs to project itself and the good work done by the institute be recognized.

More virtual classrooms

The institution can also look into inculcating research orientation to young girls at the graduation level by starting a Dept. of Research.

College and faculty that shaped my life

More awareness about the course to the public. During my time at SJC people thought HSC is all about cooking.

Career counseling cells can be introduced.

Increase canteen food

Great place to be. Gave me the best future.

Very nice college and staff

More staff in arts departments could be recruited

Develop courses that are related to innovation and technology

Everything is fine

St Joseph's is an amazing College for education. Must Join!

Thank SJC for leading me to a great path...

The college needs to get more campus placements especially because there are not many colleges that deliver this promise

I have no suggestions but my college lead me to a life that made me happy

Improvement in a college atmosphere

Focus on more practical & skill development

It is the best already

internship

keep up the good work

Everything is Perfect

The curriculum might have developed in this one year, but keeping it to the curriculum in the years that I studied in BBA, an increase of focus on practical knowledge than it has would be useful for the students for insights.

New methods of teaching and educational tours should be implemented

Best women's college in India

Provide employment.

Increase faculty and staff in the department

Best institution for value education and overall development of students

The usage of visual aids in the classroom would help improve.

The best and finest educational institute

The Course needs to be reviewed to add more Research Paper Submissions

The best college which gave us overall growth in education and channelled us to success

Journalism & Mass Communication subject could be better.

The college is always oriented towards the welfare of the students.

The course structure has undergone tremendous changes to adapt to the needs of the times. Hope this trend prevails and they recruit dedicated staff to continue to serve society as they have always been doing.

There should be a books club in the Masters or in the PG department

Hostel accommodation can be increased

No suggestions. A great experience for me.

The canteen, gym and hostel facilities must be improved

Can improve the number of courses and placements

I am glad to be a Josephine.

Fantastic team and a wonderful place to learn and grow

A serious project or Thesis should be made compulsory for the degree courses since higher education in other countries and institutions give primary importance to the thesis during a bachelor's degree.

SJC has always done great!

Several seats can be increased for each group for good admissions in the future and entrance exams also be held

They should have experts and college fairs fir further studies.

I don't think any suggestions are required

Can the course can be more practical-oriented

St. Joseph's is in its best state right now if there's something that has to be improved I would say that it would be nice if the management could conduct a campus drive.

It's a great holistic educational institution.

St. Joseph College helps the students in all the ways possible.no suggestions

It would be better if the student-teacher relationship is more flexible.

Should provide more companies in Campus drives

Everything is fine

awesome

As of now, our college is perfect in every aspect.

College timing to be reduced and need faculties

As a suggestion, I think the college should teach/train it's students in professional academic writing. For example, writing for papers, thesis, and so on.

Can upgrade the college with more effective facilities and even more campus drives are needed

St. Joseph's always stands for it's name. Proud to be a Josephine

ICT enabled infrastructure to be increased

St Joseph College has helped us to make our own career

SJC provides a perfect environment that builds strong foundations and enhances the learning experience!

This is the best place to learn and grow.. No suggestions required

The course structure was amazing and helpful throughout my life at all levels

Please make timings, events, and curriculum flexible for all courses and in tandem with the industry. Make 2 internships compulsory, one after 1st year and another after 3rd year. Arrange more industrial visits as well.

It's a great institution which brings out the confidence in you

It is a good college.

Because of this institution, students like me who came from rural areas succeeded in life continued the good work of all the staff
