Policy Document

Policy Number: SJCW010

GBM: 01-08-2022

The Student's Aid Fund is a vital initiative aimed at supporting students facing financial difficulties to pursue their studies at the institution. Through contributions from well-wishers, this fund provides much-needed assistance to those in need, ensuring that financial constraints do not hinder their educational journey.

POLICY

1. To foster a sense of trust and assurance among students that the institution and faculty are committed to providing financial support to those in need.
2. To empower students with the confidence that they can continue and complete their studies despite financial challenges.
3. To uphold and embody the college emblem's ethos: '**kindle the light within**' exhorts every Josephine to look within herself and optimize her potential for thinking, performing, and evolving.

PRACTICES

1. The fund provides financial assistance to needy students, helping them partially meet tuition or examination fees.
2. Managed collaboratively by the Principal, Management, staff members, and students, the fund ensures transparency and fairness in its operations.
3. Generous contributions from well-wishers annually contribute to aiding students throughout their academic journey.
4. The fund allocation sees a gradual increase each year, ensuring continued support for students.
5. Selection procedures involve department heads nominating needy students from each class, who then submit a duly signed application form to the committee.
6. The committee convenes annually, namely in December, and the Principal or the nominee disburses aid to deserving students.
