1F. Departmental Best Practice(if any): Provide a hundred word narrative on any one of the departmental best practices (other than extension and club activities)

Name of the Dept:	Chemistry
Name of the Best Practice:	Do it Yourself
Description of the Practice:	Department of Chemistry, SJCW(A) strives to empower young women through various skill development initiatives. Do It Yourself is one such initiative. As a part of the initiative, students are trained at preparing certain home utility products like Phenyl, Washing Powder, Floor Cleaning Liquid, Sanitiser and Dhoop Sticks. They are also introduced waste cloth and plastic recycling through various training workshops. Wealth Out of Waste is an important competition conducted by the department wherein students prepare useful products from waste(used) textiles and plastic items and submit to the department. The department organises display and sale of the prepared items through CMART. Proceeds of the sale are passed on to the students.
Name of the Dept:	Zoology
Name of the Best Practice:	Maintaining of Vermicompost unit and preparation of vermicompost
Description of the Practice:	<p>To Maintain Vermicomposting Unit in college campus for the welfare of students, staff and society. To utilize waste of campus plants and garden by using earthworms and get vermicopost as a Black Gold! To raise awareness about to use chemical free Vermicompost as an organic fertilizer for agriculture. To provide own vermicompost to college horticulture and gardens in free of cost. To provide skill in Vermicomposting Technology for students.</p> <p>PRACTICE Vermi-bed preparation and its maintenance include mainly collection of garden wastes of college campus throughout the year. The vegetable waste from the hostel kitchen (Approximately 4-5kgs of vegetable peels etc) and canteen is fed into the vermi-pit and earthworms sps (<i>Eisenia fetida</i>) are used for vermicompost.</p> <p>METHOD Vermicompost is known to be the world's best fertilizer. Vermicomposting is a method of preparing enriched compost with the use of earthworms. It is one of the easiest methods to recycle agricultural wastes and to produce quality compost. Earthworms consume biomass and excrete it in digested form called worm casts. Worm casts are popularly called as Black gold. The casts are rich in nutrients, growth promoting substances, beneficial soil micro flora and having properties of inhibiting pathogenic microbes. Decomposable organic wastes such as animal excreta, kitchen waste, farm residues and forest litter are commonly used as composting materials. In general, animal dung mostly cow dung and dried chopped crop residues are the key raw materials. Mixture of leguminous and non-leguminous crop residues enriches the quality of vermicompost. Red earthworm (<i>Eisenia foetida</i>) is preferred species of earthworms because of its high multiplication rate and thereby converts the organic matter into vermicompost within 45-50 days. Since it is a surface feeder it converts organic materials into vermicompost from top. Vermi-composting is done by either bed or pit method. In bed method composting is done on the pucca / kachcha floor by making bed of organic mixture while in pit method it is done in the cemented pits.</p> <p>-Vermicomposting unit is kept in a cool, moist and shady site Cow dung and chopped dried leafy materials are mixed in the proportion of 3: 1 and are kept for partial decomposition for 15 – 20 days. -A layer of 15-20cm</p>

	<p>of chopped dried leaves/grasses is kept as bedding material at the bottom of the bed. -Beds of partially decomposed material of size 6x2x2 feet should be made.</p> <p>Water is sprinkled immediately after the release of worms.</p> <p>-Red earthworm (1kg) are released on the upper layer of bed.</p> <p>-Bed are turned once after 30 days for maintaining aeration and for proper decomposition.</p>

of core subjects, Career oriented lectures and recent technologies periodically. Through the association, the students are encouraged to attend workshops organized by other reputed institutions.

Competitions

Students get a chance to showcase their skills, analyze and evaluate the outcomes. It encourages students to adopt innovative techniques and develop their ideas and skills for time management and also gives confidence to attend competitive exams.

Presentations:

To explain the difficult concepts like Memory managements and Process scheduling in Operating systems Presentations ,construction of trees in data structure are shown by the faculty. The presentations are prepared in such a way that the total content of the chapter is covered in the slides along with afore-mentioned diagrams and is shared with the students which so that they can use them as reference.

Demonstration of Projects/Programs/Internships:

While teaching subjects like C Programming,Java Programming and python projects are demonstrated in the classroom. The objective of demonstrating these projects are to provide a live experience to the students how an application works. This method also acts as a motivation to the students to take up challenging tasks as projects. Demonstrating the syntax and runtime errors that might occur while executing the project will help students to get a comprehensive idea of developing a project.

Projects

The best way to master a subject is by doing projects. Through a project the students not only get a deeper understanding of the subject but also gain hands-on practical experience. By doing a project, the students will

- Understand their subject better
- Get practical experience
- Have a chance to showcase their skills
- Learn team work, communication skills and responsibilities

Students are asked to narrate their own scripts winners are given cash prize and certificates. In this way faculty members are helping students to identify their talent creative skills. Also students can overcome their stage fear and become confident.
Name of the Dept:	Mathematics

Name of the Best Practice:	"Regular Practice Math UG"
Description of the Practice:	Success in undergraduate mathematics requires consistent practice. Pupils should schedule specific time to work through exercises, review material, and solve issues. By practicing, one can strengthen comprehension, hone problem-solving techniques, and gain confidence when taking on mathematical difficulties. Students who regularly practise mathematics gain a deeper understanding of the subject and are better equipped to do well on exams and in subsequent maths classes.
Name of the Dept:	Statistics
Name of the Best Practice:	"Regular Practice Stats UG"
Description of the Practice:	The key to succeeding in undergraduate statistics is consistent practice. Solving problems, evaluating data, and using statistical techniques should all take up regular study time for students. This practice builds analytical abilities, improves understanding of statistical principles, and develops software usage expertise. Students get comfortable analysing data, doing analyses, and coming to insightful findings by practicing on a regular basis. Using this method, students become ready for tests and gain real-world experience that they may use in a variety of settings where statistics are used.

1G. Future Plans of the Department:

Name of the Dept.:	Chemistry
Future Plans:	1. To develop MOOCS in Chemistry and make them available for UG & PG students
	2. To develop an ecofriendly theme park inside the campus.
	3. To offer Chemistry as a minor subject also
	4. To organise a Chemistry Expo with industry partnership
	5. To take PhD students under the guideship of recognised guides in the department
	6. To develop reading material for the 3rd semester chemistry course 'Organic Chemistry & Spectroscopy'
Name of the Dept.:	Zoology
Future Plans:	1) Overall improvement of departmental infrastructure
	2) To organize Conferences, Seminars and Workshops
	3) To introduce four year honours course with zoology major
	4) To start Virtual Lab in Zoology Department
Name of the Dept.:	Physics
Future Plans:	1. Try to improve Physics Major
Name of the Dept.:	Commerce and Management
Future Plans:	1. To conduct the Bridge course for 1st year students
	2. Guest lectures on Commerce Subjects
	3. Guest lectures on Management Subjects
	4. Field trip
	5. Industrial visit/ tour for students
	6. Minor projects on statistics and how to write the analysis and interpretation.
	7. Workshop and guest lectures on career orientation program for degree final year students
	8. Motivate the students to participate seminars, symposiums, workshops and conferences in and outside the campus
	9. Motivate the students to present papers in seminars and conferences.
	10. Plan to conduct the motivational classes to increase their knowledge and competitive spirit.
	11. Collaborate with different colleges
	12. Encourage the students to participate in personality development sessions
	13. Organize Management week
	14. Conduct career development sessions
Name of the Dept.:	Economics
Future Plans:	National seminar
	Inter and intercollegiate competitions

	Exhibition
	Group discussion
	Student out reach programme
Name of the Dept.:	Journalism & Mass Communication
Future Plans:	Visit to Visakha Museum
	Visit to Historical Site
	Field Reporting
	Movie Review
	Extension of Media Lab Equipments
Name of the Dept.:	English
Future Plans:	1. To inculcate more research work in the students
	2. To enhance communication skills by engaging the students in activities
	3. To encourage the students to do more number of MOOCs
	4.. Organizing more Workshops/ Seminars for students and faculty
	5. To initiate number of outreach programs inculcating community service
Name of the Dept.:	Psychology
Future Plans:	To introduce diploma courses in the psychology department. Increase usage of ICT learning. To increase the pass percentage and overall academic performance. Motivate students to participate in seminars, conferences. Motivate to students conduct psychological activities To develop project work and research skills.
Name of the Dept.:	Botany
Future Plans:	To establish collaborations with various institution for extension of academic and research work.
	To register the Ph.D students for research work.
	to provide hands on training to students for self employment
Name of the Dept.:	Biotechnology
Future Plans:	To facilitate the students to learn more instrumentation
	Increase field trips to research labs
	Organizing more workshop that strengthen the student capability in subject area
Name of the Dept.:	Biochemistry
Future Plans:	—Improving laboratory facilities to suit analysis of biological samples
	Conduct interactive and participative workshops to enhance skills of students
	Introduce bioinformatics to study biochemistry as in Molecular Modeling
	Introduce Immunology related studies to create awareness on the scope of Biochemistry
	Enrich fundamentals in Biochemistry and also create exposure to Latest trends like Protein engineering to fit the needs of Industry

Name of the Dept.:	Computer Science
Future Plans:	1.To Organize workshops and seminars from experts. 2. To develop useful software for the organization. 3. To train students in various other areas, which help them in facing the interviews apart from the curriculum. 4. To train and motivate students to be Entrepreneurs.
Name of the Dept.:	HINDI
Future Plans:	Planning National FDP and Workshop
Name of the Dept.:	FRENCH
Future Plans:	To make the students more comfortable with the language. To improve conversational language teaching
Name of the Dept.:	SANSKRIT
Future Plans:	To conduct the Sanskrit & Science exhibition in August & December To conduct various competitions to improve Students skills. To conduct spoken Sanskrit classes to improve Sanskrit communicative skills. To conduct guest lectures. To conduct a seminar by students. To Conduct Sanskrit skits for improving their Spoken Skills. To Take ICT classes for students & encourage them to present seminars through ICT.
Name of the Dept.:	Telugu
Future Plans:	1. To conduct Adult Literacy Programme at Rural Area. 2. To conduct open creative short story writing & poem Recitation competition for Local Colleges.
Name of the Dept.:	Mathematics & Statistics
Future Plans:	*To Establish Research Centre in Mathematics *To Increase MOOC Courses among the Faculty and Students *To Apply for More Research Projects * Every Faculty Member to Get Doctorate in Both Departments *To introduce “Quantitative Aptitude Training” as a new course under Capacity Building Course – Skill Development *Implementing more Core-Electives(Post Graduation) * Encouraging more students for qualifying of NET/SLET

Dept.: Chemsitry	
STRENGTHS	Well equipped laboratories
	Functional MOUs with environment protection agencies
WEAKNESSES	Inability to motivate girls to pursue a basic science subject like chemistry at UG and PG levels
	Difficulty in ensuring student participation in real time project studies and industry internships
OPPORTUNITIES	To admit reseatch students and pursue quality research
	Develop MOOCS and offer courses to students in the distance mode
CHALLENGES	Showing employment opportunities in the industry sector to the female graduates and post graduates
	Compliting experimental course work in the reduced time frame
Dept.: Zoology	
STRENGTHS	Cordial relationship between teachers ,students and parents
	Efficient, sincere and hardworking team of faculty members, many of whom have talents other than teaching.
	Special emphasis on field trips and study tours
	Excellent academic results with consistent Pass percentage
	Innovative Teaching learning techniques for upgrading the knowledge of the students.
	Well maintained Museum
WEAKNESSES	Need to improve scientific temperament for research activities among UG students
OPPORTUNITIES	Career prospects in teaching,research,diagnostic fields etc.
CHALLENGES	Strive as the best department of college
	Establish proactive and collaborative approach to enhance the departmental profile.
	To start a Virtual Lab
Dept.:PHYSICS	
STRENGTHS	1.All faculty members arre well qualified
	2. Laboratories are well established
WEAKNESSES	1. Students admissions are poor in Physics

OPPORTUNITIES	1.More research facilities in India and Abroad
CHALLENGES	1.Lack of full time teachers
Department: Commerce and Management	
STRENGTHS	
	1. Experienced faculty
	2. Highly Qualified and ratified(by Andhra University) Faculty
	3. Personality Development sessions for students
WEAKNESSES	1.Shortage of ICT tools
OPPORTUNITIES	1. Innovative Teaching and pedagogical Methodology
	2. More Seminars by students and paper presentations
	3. conducting carrier development programs
CHALLENGES	
	1. Students attitude and Behaviour
	2. Attendance shortages
Dept.:ECONOMICS	
STRENGTHS	All the teachers in the department are highly qaulified with PH.D & SET
WEAKNESSES	Students Come From Different Groups Other Than Economics
OPPORTUNITIES	After completion of the course student are enabled to enter into different fields as UPSC – IAS, IES,IFS ,Group one, group two service employees, Teachers, lawyers, bank employees etc.,
CHALLENGES	It is a big challenge to attract students those who come without basic knowledge of economic terminology.
Dept:Journalism & Mass Communication	
STRENGTHS	Experienced faculty with diverse backgrounds in print, broadcast, and digital media. Strong network of alumni working in various media outlets, providing mentorship and internship opportunities. Access to modern multimedia facilities and resources for hands-on training in journalism.
WEAKNESSES	Limited funding can restrict the availability of cutting-edge technology and tools. Curriculum may lag behind rapidly evolving industry standards and technological advancements without regular updates. Potential for decreased enrollment due to perceptions of journalism as a challenging career path in the current economic landscape.
OPPORTUNITIES	Increasing demand for digital media skills opens avenues for curriculum expansion and specialization courses. Partnerships with local newspapers, online media, and broadcasting stations can enhance practical learning

	experiences. Potential to increase global exposure and learning through international journalism programs and collaborations.
CHALLENGES	Adapting to the constant changes in media consumption and production, including the rise of social media and fake news. Ensuring students are equipped with not only technical skills but also ethical grounding amidst a polarized media environment. Competition from online courses and alternative education platforms offering specialized journalism training.
Dept.:English	
STRENGTHS	1.Streaming of students based on their linguistic proficiency (UG)
	2. Continuous assessment of the students
	3. Well-equipped college and departmental libraries
	1. Constant turnover of faculty
WEAKNESSES	2 Heterogeneity of students in Gen. English classes
	3. Large size of Classes
	1. Growing popularity and interest in English as a medium of communication
OPPORTUNITIES	2. Use of language Lab
	3. Scope of Professional growth
	1 To deal Heterogeneous groups
CHALLENGES	2. To handle vernacular learners
Dept.:Psychology	
STRENGTHS	The students of the Department of Psychology conduct case studies/project. Students of the third-year undergraduate course, second year postgraduate course enjoy this practice of the Department. 2. The Postgraduation students of the Department of Psychology also pursue a one-month internship where they are placed in different fields in Psychology and learn and execute the necessary skills to prepare them for a career in the field of Psychology. 3. The faculty of the Department of Psychology engage in outreach/extension programs, wherein they give guest lectures and keynote addresses in other institutions and organisations. 4. The faculty of the Department of Psychology also have/are pursuing course certifications to further equip themselves to better their knowledge and teaching methodologies (MOOC, MEd, Therapy certification) 5. Sahay- The headliner of the Department of Psychology, is a counselling and guidance cell run by the faculty of the department. It caters to the emotional, mental and career wise needs of the students and offers them support to self-actualise and be the best versions of themselves. 6. Mindscope- The Department club, strives to dispel the misconceptions regarding the field of Psychology, and conducts various activities that brings together all the Psychology enthusiasts.
WEAKNESSES	Lab facilities should be improved.
	Library books availability

	Opportunities for field visits
OPPORTUNITIES	PG and diploma and certification courses.
	Conferences and workshops at national and international level
CHALLENGES	Field visits less opportunities
	Practical exposure is limited.
Dept.: Botany	
STRENGTHS	Qualified and research oriented faculty, Engaged in extension activity, Quality contribution towards college administrative works, Well established labs,
	100% result, Bio visual charts , Bridge courses and remedial classes.
WEAKNESSES	Number of labs to be increased
OPPORTUNITIES	organization of national and international conferences. Visiting nearby institutions of botanical interest.
	Establishment and maintenance of Green House, Poly House, Mushroom Cultivation Unit .
CHALLENGES	The department needs support for marketing its programme to potential majors and the community
Dept.: Biotechnology	
STRENGTHS	1. Hands on experience for ‘Tissue culture, Electrophoresis & PCR’
	2. Techniques of Nursery and construction of Hydroponics systems
	3. Innovative practicals
	4. Well equipped laboratory
	5. Direct exposure of students to industries
WEAKNESSES	1. Real time biological activities of bio-molecules to be strengthened
	2. More campus drives to be done related to core subjects
OPPORTUNITIES	1. Immense encouragement for numerous workshops
	2. Frequent interaction with subject experts through guest lectures
CHALLENGES	1. Designing commercial protocols in tissue culture
	2. Initiatives to design low molecular weight proteins through in silico methods.
Dept.: Biochemistry	
STRENGTHS	Limited number of students
	Hands on experientail learning- Learning by thinking and doing
	Innovative teaching learning techniques
	Outcome based teaching with focus on feedback for every activity
WEAKNESSES	Laboratory facilities need to be improved
OPPORTUNITIES	Scope in pharmacuetical industry and Food industry

	Can go for higher education and venture into research field
CHALLENGES	In getting acquainted with latest techniques and trends in the field of Biochemistry
Dept.: Computer Science	
STRENGTHS	1. Experienced & Committed Teachers 2. Well-equipped lab with internet facilities 3. Motivating and dedicated faculty members 4. ICT enabled teaching
WEAKNESSES	1. Faculty with less experience but dedicated to their work 2. Need professorial ranked faculty to support department
OPPORTUNITIES	1. 1.To increase campus placements/Entrepreneurship 2. To train students to face entrance tests like MCA, M.Sc. and MBA 3. Interdisciplinary growth across departments
CHALLENGES	1. Organization of Seminar/Conference 2. Placing the students 3. Updating latest developments in the field of computer science
Dept.: Hindi	
STRENGTHS	Faculty with good academic record
	Highly qualified (Ph.D) with 3 decades of Teaching experience
	Having the expertise of conducting 14 National & International Conferences
	Large number of students
WEAKNESSES	.Only one permanent faculty 2.Majority of the students have not studied Hindi at the +2 level
OPPORTUNITIES	1 Exposure of students to social issues through project works and publication of Departmental magazine. 2 Able to familiarize students with various trends in Hindi literature
CHALLENGES	• Few students opt for higher studies in Hindi. • To attract funds from UGC and other funding agencies for organising Seminars
Dept.: French	
STRENGTHS	Good Syllabus
	Student respond
	Availability of the course
	Achievable content
WEAKNESSES	difficulty to reach out to all the needs of the students who did not complete the course
OPPORTUNITIES	The students who study French have better opportunity in the companies who prefer also foreign language
CHALLENGES	To make every one pass in all the semesters in one sitting.
Dept.: Sanskrit	
STRENGTHS	Competent faculty
	Conduct of various activities
WEAKNESSES	Insufficient faculty

	lack of B.A Sanskrit
OPPORTUNITIES	Very enthusiastic students
	Sanskrit typing Knowledge
	Spoken Sanskrit Knowledge
CHALLENGES	Not obtaining for higher studies in Sanskrit
Dept.: TELUGU	
STRENGTHS	My students
WEAKNESSES	1. decrease the students strength.
	2.Special room is not available for conduct Special Events.
	3. decrease the second language Semesters.
OPPORTUNITIES	1.Free lancer journalist
	2.Radio jockeys, Telugu Translators.
CHALLENGES	Infrastructure and Resources: Ensuring adequate infrastructure, including libraries and digital resources, remains a challenge
	Faculty Development: Continuous training and research motivation for faculty members are essential.
	Student Engagement: Motivating Students to appreciate Telugu Literature and Language can be difficult
Dept.: Mathematics	
STRENGTHS	1. Expert Faculty: A strong department will have experienced and knowledgeable faculty members who are dedicated to teaching and research.
	2. Comprehensive Curriculum: A well-rounded curriculum covering core Mathematical and Statistical topics, along with opportunities for specialization, can be a significant strength.
	3. Research Opportunities: Offering undergraduate research experiences or partnerships with faculty can enhance students' academic growth and foster interest in advanced studies.
	4. Supportive Learning Environment: Providing resources like tutoring, study groups, and academic advising can create a supportive learning environment for students.
WEAKNESSES	1. Limited Resources: Budget constraints or inadequate facilities can limit the department's ability to offer diverse courses or research opportunities.
	2. Faculty Shortages: A shortage of qualified faculty members can affect the department's ability to offer specialized courses or provide sufficient academic support.
	3. Curriculum Gaps: Outdated or insufficient curriculum may not adequately prepare students for modern applications of mathematics and statistics.
OPPORTUNITIES	1. Interdisciplinary Collaborations: Opportunities to collaborate with other departments (e.g., computer science, economics, biology) can enrich the curriculum and expose students to diverse applications.

	2. Technology Integration: Embracing innovative technologies (e.g., data science tools, interactive software) can enhance teaching methods and prepare students for evolving careers.
	3. Industry Partnerships: Developing partnerships with industry can create internship opportunities and inform curriculum development based on industry needs.
CHALLENGES	1. Mathematics Anxiety: Addressing student anxiety or apprehension towards mathematics and statistics can be a challenge that impacts retention and academic performance.
	2. Recruitment and Retention: Attracting and retaining diverse student populations, especially from underrepresented groups in STEM fields, can be challenging.
	3. Adapting to Change: Keeping pace with advancements in mathematics, statistics, and educational methodologies requires continuous adaptation and professional development.
	4. Global Competition: Meeting the demands of a competitive global academic landscape while ensuring high-quality education and research standards.
Dept.: Statistics	
STRENGTHS	Qualified Faculty: Well-trained faculty members with expertise in statistical theory and applications.
	Research Opportunities: Potential for research collaborations and publications.
	Interdisciplinary Scope: Ability to integrate statistics with other fields (e.g., economics, social sciences).
WEAKNESSES	Limited Resources: Insufficient funding, outdated software, and inadequate infrastructure.
	Student Engagement: Difficulty in maintaining student interest due to abstract concepts
	Industry Relevance: Bridging the gap between academic content and practical industry needs.
OPPORTUNITIES	Data Science Demand: Growing demand for statisticians in data-driven industries.
	Skill Enhancement: Offering specialized courses (e.g., machine learning, data visualization).
	Collaborations: Partnering with research institutions and industry for projects.
CHALLENGES	Competition: Related fields like mathematics, computer science, and economics may compete for students.
	Changing Trends: Keeping up with evolving statistical techniques and tools is crucial.
	Perception: Overcoming misconceptions about statistics as a difficult subject is a challenge.

5. World Oceans Day observed - Save oceans and make a difference

8-6-2023, Visakhapatnam

World Oceans Day is marked yearly to make awareness of the significance of saving the seas and protecting the exhaustion of ocean resources. The NSS Units of St. Joseph's College for Women under the guidance of its Programme Officer Dr. K.Manikya Kumari has participated in a massive "Save the Oceans campaign at Beach Road. The oceans are a major source of food and protein for humans worldwide. It also makes a big contribution to the world's economy. However, the oceans are dying and the fish population is declining as a result of water pollution and human ignorance. Therefore, it's time to save the oceans.

The United Nations and a number of other international organizations observe World Oceans Day annually on June 8. It is a day to praise the sea and bring issues to light about the significance of sea protection.

The World Oceans Day theme for 2023 is "Planet Ocean: The Tides are Changing". The goal of this theme is to make people aware of how important the ocean is and how important it is to protect it. The theme for 2023 is a call to action for everyone to make a difference by supporting sustainable seafood, reducing our use of single-use plastics, and advocating for ocean protection policies.

6. Experiential learning boosts skills and employability of students

12-6-2023, Visakhapatnam

.....

Ministry of Youth Affairs & Sports, Department of Youth Affairs, GOI in association with NSS Section has conducted a one - day conference cum workshop on implementation of "Experiential Learning Programme" in YUVA Portal at Dr. Ambedkar International Centre, New Delhi. In this conference around 35 Programme Officers (5 from each of the seven states), 7 State NSS Officers (1 from each State), 7 Regional Directors of NSS, Officials from Ministry of Youth Affairs & Sports, Officials of DIC, Officials of India SME Forum and Officials from Directorate of NSS, New Delhi we're present.

The Secretary of Ministry of Youth Affairs Ms. Meera Rajiv Lochan and Mr. Gaurav Sharma, Principal scientist addressed the participants. Ms. Meera Rajive instructed the NSS Regional Directors to ensure maximum registrations of students and all POs. She also told to send letters to Vice Chancellors of these 7 states who in turn inform the Principal of their affiliated colleges to encourage students to join Yuva Portal for Experiential learning linked to businesses offered by companies listed in the portal. She said that this program is initiated as a pilot project going to be implemented in 1496 selected colleges in 7 states in accordance with the New Education Policy (NEP) as per the UGC guidelines. A student after completing this internship will get 2-4 credits, a certificate and employment opportunities. The students also get registered in their nearby Police Stations and get trained in Law & Order, Cyber security, traffic control etc., she said.

A presentation was also conducted by Digital India Corporation on the Experiential Learning Programme (YUVA portal) followed by Q&A session.

A team of 5 Program Officers and NSS State Officer Sri. Saida from NSS Regional Directorate represented Andhra Pradesh. Two Program Officers from affiliated colleges Dr. K. Manikya Kumari from St. Joseph's College for Women (A) and Dr. A. H. B. Pushpalatha from Visakha Women GDC represented Andhra University. Mr. Saida has explained the ongoing registration process in YUVA Portal, present status of registrations in Andhra Pradesh & Telangana, difficulties & problems faced by students and POs during registration into the portal etc.

During Q&A session Mr. Saida suggested an edit option in the portal to ensure rectification of any errors during the registration process and prevent rejection.

All the Program Officers complained that the registered volunteers or students list is not visible in the portal when logged in and asked to rectify the problem and ensure visibility of registered students. As part of feedback Dr. Manikya Kumari said that the Department of Higher Education through APSCHE has introduced a new CBCS curriculum with three mandatory internships one at the end of each year of all Degree course in Andhra Pradesh. And accommodating students in yet another internship like this becomes very difficult, since all types of vacations are used for the three internships. For that the Secretary madam said that though Education is State issue, since all the states are to follow guidelines of NEP, one of the internship suggested by State govt may be substituted by Experiential learning internship program and benefit the students with new skills and employability, since many companies, organizations and NGOs are also joining Yuva portal to offer internships and employment opportunities and the number will definitely increase in near future.

AP NSS Regional Director Sri. M. Rama Krishna, AU NSS Programme Coordinator Prof. Haranath and Dr. Shyji Principal, St. Joseph's College for Women (A) appreciated Dr. Manikya Kumari and Dr. Pushpalatha for their participation representing the state in this prestigious pilot project.

7. World Day to Combat Desertification and Drought: Intense Afforestation combats Desertification

17-6-2023, Gnanapuram, Visakhapatnam

In the name of urbanization, industrialization and development, huge chunks of forests, general vegetation and tree populations are cut down every year. This is leading to a rapid desertification and repeated occurrence of droughts. To control this

The World Day to Combat Desertification and Drought is observed each year by United Nations on 17 June. Its purpose is to raise awareness of the presence of desertification and drought, highlighting methods of preventing desertification and recovering from drought.

On this occasion the Green Globe Nature Club (GGNC), Department of Botany and NSS of St. Joseph's College for Women in association with Centre for Catalyzing Change, New Delhi has conducted a plantation programme in the college premises. They have planted fruit trees in view to provide food to birds and other animals along with humans.

Speaking to the students Dr. K. Manikya Kumari, HOD of Botany and NSS Program Officer said that droughts are among the greatest threats to sustainable development, especially in developing countries. More than 2.3 billion people already face water stress. She said that Women hold a vital stake in the health of the land. This year, the theme of the International Day Against Desertification, and Drought "Her land. Her rights", emphasizes that investing in women's equal access to land and

associated assets is a direct investment in their future and the future of humanity. It's time for women and girls to be at the forefront of global land restoration and drought resilience efforts.

She advised students to follow the strategies to reduce desertification such as

Planting more trees through intense afforestation programs which help to reduce soil erosion from wind and rain.

Improving the quality of the soil by reducing the number of grazing animals and growing crops instead. The animal manure can be used to fertilize the crops grown which will improve the quality of the soil as it is held together by the roots of plants and protected from erosion, a sustainable farming practice. Water management using appropriate technology like drip irrigation to manage water supplies in the desert environment. This will minimize water loss, maximize effectiveness. Excelsior 2023 – Soar Higher: A Two Day Inter College Youth Fest

12th & 13th October 2023

REPORT

Excelsior 2023: Collaboration and oneness

In the heart of academia, Excelsior 2023 emerged not just as an intercollegiate fest but as a beacon of change. This year, our mission was to transcend the realms of celebration to touch lives and build futures. We proudly presented an event dedicated to raising funds for girls who, despite their aspirations, are unable to afford education.

Inaugural Extravaganza:

The fest kicked off with a burst of energy on the inaugural day, graced by the eminent Dr. Uma Marthi. Her scholarly achievements and commitment to education make her a fitting Chief Guest. Joining us as the Guest of Honor is Mr. Syed Shohel, a popular star from the world of entertainment. Together, they set the tone for a festivity that extends beyond entertainment.

Valedictory Triumph:

As Excelsior 2k23 draws to a close, we were honored to welcome Mrs. Kausalya Ayyagari as the Chief Guest for the valedictory function. Mrs. Ayyagari, the esteemed principal of Sri Satya Sai Vidya Vihar. Her commitment to education makes her a guiding light for the Cause. Accompanying her is the esteemed Guest of Honor, Mr. Shanmukh Jashwanth, an influential actor and social media luminary.

Unifying Joy and Purpose:

Excelsior 2k23 bridges the gap between celebration and altruism, where every cheer, every performance, and every participant contribute to a noble cause. It helped us in creating ripples of change, as we channel the collective energy of the fest towards empowering girls through education.

This year, Excelsior 2k23 was more than just a fest—it was a movement, a celebration of education, and a testament to the transformative power of collective action. Together, we scripted a story of empowerment, resilience, and the enduring spirit of giving.

The Department of Psychology, in collaboration with Mindscope Club, orchestrated an enlightening event dedicated to raising awareness about World Suicide Prevention Day. Through a compelling compilation of videos, thought-provoking screenings, and in-depth discussions on real-life case studies, attendees gained invaluable insights and discovered ways to support those affected by it. Together, we strive to foster understanding, empathy, and resilience. A small activity was conducted by the club where in the students were given a set of early signs of suicide and were asked to drop a pebble if ever, they felt any of those symptoms.	70+

Activity 8	13 th , October 2023	Psyche Sync – A Mind-Bending Telepathy Game	OUR Club conducted a fun Activity on the event of inter-college fest “EXCELSIOR”. In Psyche Sync, pairs of participants were given a word, and without exchanging a single word or glancing at each other, they must spontaneously react and represent the word through a single action. The catch? Both participants must perform the exact same action simultaneously to score a point. It was a captivating showdown of telepathic connection and synchronization.	60+
Activity 9	10 th , January 2024	Let’s Ruin It 2.0	Our club conducted a fun activity in collaboration with Journosphere Club. The activity was to creatively ruin the famous songs. It was a fun activity which indulged the participants in deep thinking and use their creative minds to ruin the songs meaningfully. The activity involved lots of laughter, creativity, thinking and pf course some creatively successfully ruined songs. Participants were voluntarily invited and were given the songs of language of their choice. They were also given a word which they have to use while ruining the song.	40+

Date: 31/07/2023

Venue: Ground

Time: 4:00 p.m. – 5:00 p.m.

About the Activity:

- 1) Throwball is an exciting non-contact sport that is played by two teams of seven players on a rectangular court with a net across the middle.
- 2) The game shares its roots with volleyball and whilst, on the surface, it may look similar, there are some fundamental differences.
- 3) Like volleyball, it is played on a court that is split into two with a net in the middle but the playing surface of the court is much larger than a regular volleyball court.
- 4) Throwball is for one team to defeat their opponents by scoring more points than them in each set, each set being won by the first to 15 points. Win two sets and the game is won.

ACTIVITY – 4

Name of the Activity: Kho Kho Game

Date: 01/12/2023

Venue: Ground

Time: 4:00 p.m. – 5:00 p.m.

About the Activity:

- 1) Mark the playing area with the string. Draw a line down the middle of the field and place the poles at each end of the dividing line.

- 2) Divide into teams (12 is ideal but not less than six). One team are the chasers and other, the defenders.
- 3) The chasing team lines up on the middle line, facing in alternate directions. You can only 'chase' on the side of the pitch you're facing.
- 4) The defenders enter the field in groups of three. Defenders need to avoid being tagged by a chaser and can run anywhere on the field. If you get tagged, you're out.
- 5) The chaser at the pole starts and must try to tag one of the defenders on their side of the field. If a defender crosses the line to the other side, the chaser taps one of his teammates who is sitting facing the other direction and shouts "Kho!".
- 6) The teammate must then try to tag the defender. Chasers can swap with a teammate every time the defender moves into the opposite side of the pitch. Chasers, your aim is to tag all the defenders quickly.
- 7) The team that gets the defenders out the quickest, wins.

Winner: Alekhya B., Bhavya Tejaswi V., Charmi Patnaik D., Devaki B., Gnaneswari V., Indu N., Lahari G., Meenakshi D., Navya Nandini P., Raghavi Jyosna K., Sowjanya Ch., Anjali K. 2nd Inter (M.E.C.)
