## 1. Bird watching

Date:- 25-03-2023

On 25th march 2023 we conducted our first event “**Bird Watch**”. In this event many of our students went to see different types of birds at Meghadrigedda downstream Airport area ,Sheelanagar.

## 1. Eco - friendly Campus

The Eco friendly Campus event started from 15th April 2023 . This event is organized every 2nd and 4th Saturday, where vehicles are not allowed inside the college campus.

## 2. Environment day

On 5th June , we conducted various activities on the occasion of World Environment Day to protect our environment .

- “Rally on cycle ”& “Awareness on single use plastic” .

Where we visited some communities in Visakhapatnam with some interested students on bicycles holding placards to reduce plastic use and making people aware about single use plastic . We told people that plastic can cause numerous health implications .

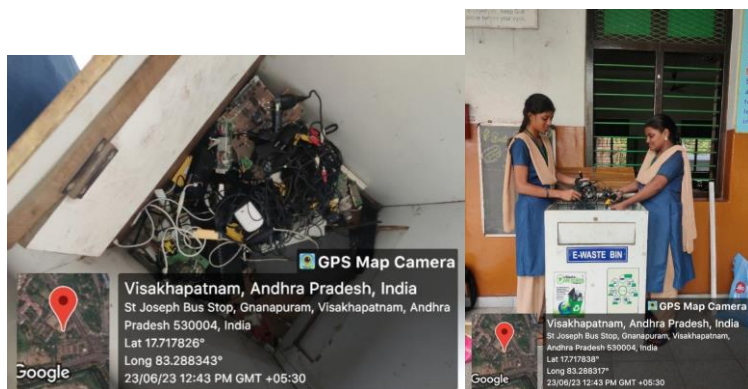

- “Collection of Plastic ”

Is another activity which we have conducted to protect our environment .In this activity we cleaned our college surroundings and collected plastic materials near our campus .

- “Distribution of Plants”

In this activity we distributed plants to promote plantation and protect our nature and save earth.

### 3. Collection of E- waste and submit to Green Initiative.

On 23rd June 2023 , electronic waste was collected from many students in the campus. Students brought waste electric wires, spare parts of computers, laptops, speakers, televisions,etc. All the wastes were deposited inside the e-waste bin present in the campus. The deposited e-waste was later submitted to Green Initiative on 9th August 2023.

### 4. Eye - Hand Coordination.

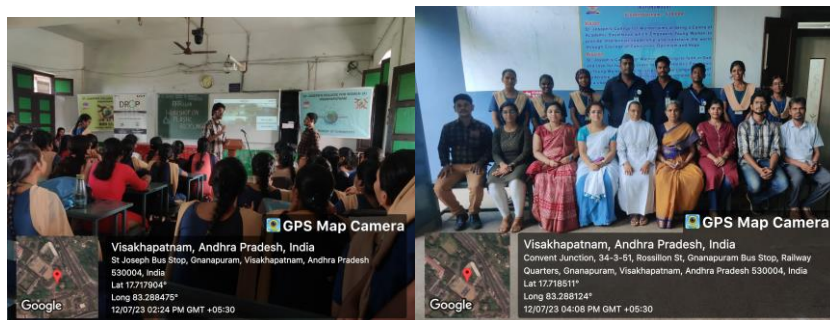

Date : 06-07-2023

Eye hand coordination is a fun activity conducted on 6th July 2023. It was a fun activity where around 200 students participated. The activity was organized on the

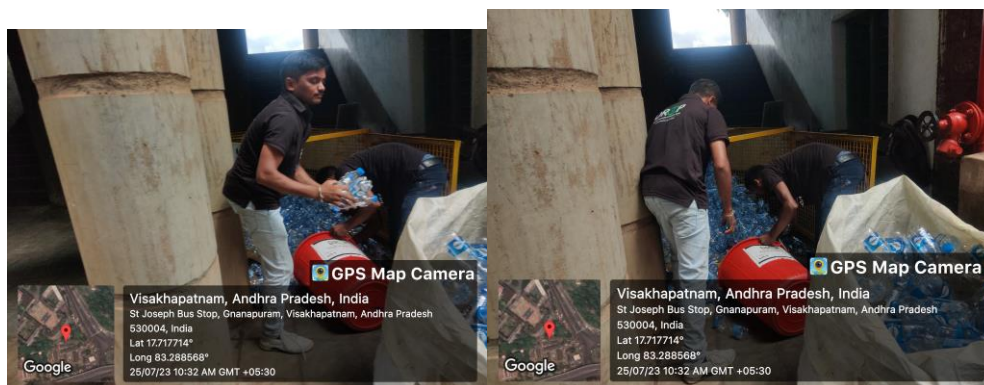

stage. The game is a loop game, the entire game model was prepared by the club members using waste plastic materials. The aim of this fun activity is to create awareness on “ Say no to plastic”.

**5. Awareness and workshop on plastic segregation to students and non teaching staff by Green initiative and RRR club.**

On 12th July 2023 an awareness and workshop programme is conducted on plastic segregation for students and non teaching staff members by green initiative and RRR club members in the campus. In this workshop green initiative explained about the problems caused by plastic and different ways to reduce the use of plastic. They also conducted fun games to create awareness on plastic. Lunch box and steel water bottle is distributed to non staff members of the college.

**6. Plastic Collection and submit to Green Initiative.**

**On 4th August 2023 Plastic waste was collected and submitted to Green Initiative. The waste was collected from the campus and also students brought waste plastic materials from their house and deposited in the DROP box provided by the green initiative.**

## **7. Preparation and distribution of seed Flag.**

**On the occasion of Independence day , we prepared seed flags using waste newspaper and plant seeds and distributed inside the college premises on 14th and 15th August 2023. The aim is to create awareness on “say no to plastic” and “plant trees”.**

## **8. Panel discussion.**

**A panel discussion was conducted on 23rd August 2023 by the green initiative on plastic. The discussion was organized in the college seminar hall. Students from chemistry department and members of green initiative were present along with the speaker Dr. Salmon Raju sir from Andhra University, Department of Environmental science and Dr. P Sarada mam from St. Joseph's College for women**

**(A) Department of Chemistry along with Mr. Anish sir and Ms. Neha mam ( Green Initiative).**

## **9. Volunteering on Vizag Bay Marathon .**

**On 25th September 2023 , we club members of RRRclub went for volunteering on Vizag Bay Marathon. It was a two day activity. We, the members and volunteers of RRR CLUB went for two days of activity . Members actively participated in the activity, they distributed water bottles to the runners. Helped in first-aid and registration.**

## 10. Chemistry Expo

On 4th October 2023, chemistry expo was conducted in the campus. Students prepared various models, charts, and visual chemistry experiments. Around 120 students participated in the event. Prizes were distributed to the winners and runners. School students visited the models and charts. The models were prepared by using plastic waste to create awareness on plastic and sustainable development. The models were named as WOW - Wealth Out of Waste. RRR club members performed a mime activity on say no to plastic. The event was a grand success with lots of participants and audience.

### **11. Magic show and Skit on plastic awareness.**

**On 25th November 2023 , we members of RRR CLUB organized a magic show and skit on plastic awareness along with the volunteers of Green initiative.**

### **12.Eco-friendly Christmas.**
