## Key Suggestions and Observations

1. Introduce more specializations for BBA programmes to provide diversified career opportunities.
2. Integrate Artificial Intelligence (AI) components into various units/courses to improve employability and industry readiness.
3. Introduce management-related minor programmes for BBA students.
4. Align the curriculum with international standards such as the European Framework for Languages.
5. Update the syllabus in line with NET examination requirements.
6. Provide more field visits, workshops, internships, and hands-on practice opportunities to enhance real-world exposure.
7. Increase focus on practical exposure and application-oriented learning.
8. Upgrade laboratories in accordance with curriculum advancements and provide additional laboratory facilities and lab assistants where necessary.
9. Introduce more industry-oriented courses to strengthen practical skills and employability.
10. Revise and update syllabi periodically (once every three years) to meet global competition standards.
11. Continue language studies for more than four semesters to improve proficiency, cultural understanding, and career opportunities.
