Sub: Request to seek Permission to organize a Five-Day Faculty Development Program in collaboration with Edunet Foundation, IBM Visakhapatnam (CSR) from 8th to 12th June 2026,

I kindly wish to inform you that the Internal Quality Assurance Cell (IQAC), in association with Edunet Foundation, IBM Visakhapatnam (CSR), is arranging a Five-Day Faculty Development Program on Agentic AI: Cyber Security & Quantum Computing, scheduled to take place from 8th to 12th June 2026. I humbly request your approval to proceed with organizing the event.

Yours Sincerely

T. Bhaskar Reddy
Coordinator, IQAC

**Agentic AI: Cyber Security & Quantum Computing
Report**

Duration: 8th June 2026 – 12th June 2026

Introduction

The Internal Quality Assurance Cell (IQAC) of St. Joseph's College for Women (Autonomous), Visakhapatnam, in collaboration with Edunet Foundation (IBM Visakhapatnam), organized a Five-Day Faculty Development Program (FDP) on **“Agentic AI: Cyber Security & Quantum Computing”** from **8th June to 12th June 2026**. The FDP aimed to equip faculty members with emerging technological skills in Generative AI, IBM Cloud, Watson Orchestrate AI, Cyber Security, and Quantum Computing, thereby enhancing their knowledge and readiness for integrating advanced technologies into teaching and research.

Inaugural Session – Day 1 (8th June 2026)

The program commenced at 9:00 a.m. with the welcoming of participants by **Dr. T. Bhaskara Sudha, IQAC Coordinator**, followed by the College Prayer Song. The gathering was formally welcomed by **Dr. Sr. Hema, Vice-Principal, St. Joseph's College for Women**. The rationale and objectives of the FDP were presented by **Dr. T. Bhaskara Sudha, Coordinator of the FDP**, who emphasized the importance of Agentic AI and emerging digital technologies in higher education.

The technical sessions began at 10:10 a.m. with a comprehensive session on **Generative AI**, conducted by **Mr. Aswini Kumar M., IBM Resource Person**. The speaker introduced participants to the concepts, applications, and future prospects of Generative AI, highlighting its transformative role across industries and academia.

Day 2 – IBM Cloud (9th June 2026)

The second day focused on **IBM Cloud**, with sessions conducted by **Mr. Aswini Kumar M.** Participants gained insights into cloud computing fundamentals, cloud services, deployment models, and practical applications of IBM Cloud technologies. The session provided hands-on exposure to cloud-based tools and platforms, enabling faculty members to understand the significance of cloud infrastructure in modern digital ecosystems.

Day 3 – Hands-On Experience with Watson Orchestrate AI (10th June 2026)

The third day was dedicated to practical learning through **Hands-On Experience with Watson Orchestrate AI**. Participants explored the features and capabilities of IBM Watson Orchestrate AI, learning how intelligent agents can automate workflows, enhance productivity, and support decision-making processes. Interactive demonstrations and practical exercises enabled participants to develop foundational skills in creating AI-driven solutions.

Day 4 – Watson Orchestrate AI Project Preparation (11th June 2026)

On the fourth day, participants engaged in **Watson Orchestrate AI Project Preparation** activities. Faculty members worked individually and in teams to design and develop AI-based projects using the concepts learned during the previous sessions. The resource person provided guidance and technical support, helping participants translate theoretical knowledge into practical applications.

Day 5 – Cyber Security & Quantum Computing (12th June 2026)

The final day focused on **Cyber Security and Quantum Computing**, two critical domains shaping the future of technology. Participants were introduced to contemporary cybersecurity challenges, digital threats, security frameworks, and best practices for safeguarding information systems. The session also explored the fundamentals of quantum computing, its principles, applications, and potential impact on computing and cybersecurity.

The valedictory session concluded with a **Vote of Thanks delivered by Dr. E. Harini, Head, Department of Zoology**, who expressed gratitude to the management, IQAC, Edunet Foundation, IBM resource persons, organizing committee, and participants for contributing to the success of the FDP.

Outcomes of the FDP

The Five-Day Faculty Development Program successfully enabled participants to:

- Understand the fundamentals and applications of Generative AI.
- Gain practical exposure to IBM Cloud technologies.
- Develop hands-on experience with Watson Orchestrate AI.
- Design AI-based projects and workflow automation solutions.
- Enhance awareness of Cyber Security concepts and challenges.
- Acquire foundational knowledge of Quantum Computing and its future implications.
- Explore innovative approaches for integrating emerging technologies into teaching, learning, and research.

Conclusion

The FDP on **“Agentic AI: Cyber Security & Quantum Computing”** proved to be highly informative and beneficial for faculty members. The collaboration between St. Joseph’s College for Women (Autonomous), Visakhapatnam, IQAC, and Edunet Foundation (IBM Visakhapatnam) provided participants with valuable exposure to cutting-edge technologies. The program fostered technological competence, innovation, and professional development among educators, preparing them to effectively engage with the rapidly evolving digital landscape.

Certificate of Completion

This is to certify that

DR. RAJANI KANDREGULA

has successfully completed the **Faculty Development Program (FDP)** on "Agentic AI, Quantum Computing & Cyber Security", leveraging the IBM SkillsBuild Platform, conducted from 8th June to 12th June 2026 under the **IBM SkillsBuild Program**.

The program included hands-on sessions on building and deploying Agentic AI workflows using IBM Granite models with LangFlow and IBM Bob. Your participation and engagement during the program is greatly appreciated.
